Union Home Minister and Minister of Cooperation Shri Amit Shah addressed the closing ceremony of Global Investors Summit-2025, in Bhopal, Madhya Pradesh, today. Many dignitaries including Chief Minister of Madhya Pradesh, Dr. Mohan Yadav were present on the occasion.

In his address, Union Home Minister and Minister of Cooperation Shri Amit Shah stated that during this two-day Global Investors Summit, MoUs worth a total of 30 lakh 77 thousand crore rupees were signed. He said that several MoUs will be implemented on the ground and help the state government establish not only large industries but also ancillary industries in Madhya Pradesh. Shri Shah said that more than 200 Indian companies, over 200 global CEOs, more than 20 unicorn founders, and representatives from more than 50 countries have come to invest and see the environment in Madhya Pradesh during the two-day summit. He stated that this time, Madhya Pradesh has done a new experiment by organizing separate investment summits for each sector, aiming for the overall development of the entire state, which will guide many states in the coming days.

Shri Amit Shah said that in this summit, Madhya Pradesh has made efforts to explore all avenues for unlocking its industrial, sectoral and global potential for development. He mentioned that this summit has given a new dimension to the development of Madhya Pradesh. Shri Shah said that Madhya Pradesh is full of rich cultural heritage of our country and the state is making several efforts to realize the mantra of 'Vikas Bhi Virasat Bhi' given by Prime Minister Shri Narendra Modi.

Union Home Minister said that Prime Minister Modi has set a target before the youth and 130 crore people of the country to make India a fully developed nation by 2047 and the world's third largest economy by 2027. He said that this Investment Summit of Madhya Pradesh will not only help in achieving both these goals but also make a huge contribution in achieving these goals. Shri Shah said that in Prime Minister Modi's vision of Team India, the Government of India and all state governments come together with a goal to work towards the development of the entire nation and this event has taken that vision forward.

Shri Amit Shah said that many dimensions of increasing both local and global investment have been achieved in this summit. He said that this summit will also open many doors of skill development for India's 'Amrit generation'. Shri Shah said that by creating synergy between automation and job creation, the policies made by the Madhya Pradesh government for different sectors will move forward and this summit will also help in making India a manufacturing hub.

Union Home Minister and Minister of Cooperation underlined that under the leadership of Prime Minister Shri Narendra Modi, there is a stable and strong administration working in Madhya Pradesh, which is creating new avenues of development. He emphasized that, as the heart of India, Madhya Pradesh enjoys a strategic location complemented with robust infrastructure. The state boasts of a large

pool of skilled workers and an efficient administrative ecosystem that fosters growth. He highlighted that Madhya Pradesh has an unparalleled market access, with its rapidly increasing demand-driven economy. The transparent governance of the state has significantly boosted investor confidence. With ample land resources, a dedicated workforce, rich mineral resources, and numerous industrial opportunities, Madhya Pradesh stands as a prime destination for investment. The Home Minister affirmed that Madhya Pradesh is a major hub for investment in every aspect in India.

Shri Amit Shah recalled that there was a time when Madhya Pradesh was counted among the BIMARU states, but after 20 years of continuous governance of our party, the state has undergone a remarkable transformation. He highlighted the development of a 5 lakh-kilometer road network, the presence of six operational airports, and an impressive energy capacity of 31 GW, including 30 per cent clean energy. He emphasized that prestigious institutions such as IIM, IIT, AIIMS, IITM, NIFT and NIFD are equipping the youth of Madhya Pradesh with the skills needed to seize emerging opportunities. With one of the richest reserves of minerals in the country, Madhya Pradesh has also emerged as the cotton capital of India, contributing 25 per cent of the nation's organic cotton supply. Moreover, the state holds a significant position in the food processing sector. The Home Minister noted that the Madhya

Pradesh government has designated 2025 as the "Year of Industries" to boost industrial growth. He also lauded the state for being the first in the country to pass the Jan Vishwas Bill, aimed at enhancing ease of doing business.

Union Home Minister and Minister of Cooperation stated that under Prime Minister Shri Narendra Modi's leadership over the past 10 years, India's foreign exchange reserves, Gross Domestic Product (GDP), and per capita income have doubled. He emphasized that the Modi government has built a strong foundation for a developed India, paving the way for new dimensions of growth and progress in coming decade.

Shri Amit Shah highlighted that in the last 10 years, Prime Minister Narendra Modi has brought 54 crore people into the banking system. He said that these people were without bank accounts for 75 years after independence. He emphasized that PM Modi has ensured financial inclusion for these citizens, marking a major transformation in the country's banking sector. He further noted that significant economic reforms have been undertaken during this period, including reducing insolvency and bankruptcy cases, bringing Non-Performing Assets (NPAs) below 2.5 per cent, successfully implementing Goods and Services Tax (GST), and streamlining single-window clearance for businesses. Shri Shah pointed out the massive infrastructure growth under PM Modi's leadership, with addition of 60,000 kilometers of highways, building 8 lakh kilometers of rural roads and the number of airports increasing from 74 to 157. He also highlighted the doubling of railway expansion and cargo handling capacity. He asserted that through several new initiatives, India has become founder of several sectors which will decide the global economic direction for the next 25 years.

Union Home Minister stated that the Investment Summit in Madhya Pradesh is not just a catalyst for the state's growth but also a significant boost for India's overall development. He expressed confidence that in the coming years, Madhya Pradesh will emerge as a leading hub for major industries in the country. He emphasized that the state will continue to uphold transparent governance, implement sustainable policies, and foster a proactive administration that works hand in hand with investors and stakeholders.
