Salient Points of speech of Hon'ble Union Home Minister and Minister of Cooperation Shri Amit Shah' while flagging-off Pariborton Yatra in South 24 Parganas, West Bengal

The Mamata government kept government employees stuck at the Sixth Pay Commission; once a BJP government is formed, the Seventh Pay Commission will be implemented within 45 days.

As soon as the BJP forms the government, all vacant government posts in Bengal will be filled by December 2026, and youth will be given a relaxation of 5 years in the upper age limit.

The objective of the BJP's Parivartan Yatra in Bengal is not merely to remove the Chief Minister, but to free the state from infiltration, corruption, and syndicate raj.

The Bengal government has crossed all limits of appeasement by allocating ₹80 crore for science and technical education and ₹5,700 crore for madrasas in the budget.

Whether it is R.G. Kar or Sandeshkhali, the Mamata government has committed atrocities against women; zero tolerance towards crimes against women is the BJP's resolve.

Despite violence during elections, the TMC could not break the morale of BJP workers; once a BJP government is formed in the state, the "goons" of Mamata Banerjee will be sent to jail.

The Mamata government opposed the CAA, but the Modi government is at the Centre; not a single Hindu refugee's citizenship can be taken away.

Under Mamata Banerjee's rule, a Babri Masjid is being constructed in Bengal to appease a vote bank.

Due to corruption and appeasement by the Mamata government, West Bengal is burdened with a debt of ₹8 lakh crore

West Bengal, March 2: Honorable Union Minister of Home and Cooperation Shri Amit Shah today flagged off the Parivartan Yatra of the BJP in West Bengal at South 24 Paraganas.

Speaking on the occasion, Shri Shah said that under this mission 9 yatras will be taken out, and four of them commenced yesterday. Yesterday these yatras started as the party president, Nitin Naveen,

flagged them off from Siliguri, Navadweep, Medinipur, and Purulia. Today the yatras from Maldah, Hooghly, Vardhaman, North 24 Paraganas, and Mathurapur are being opened.

These yatras have been taken out to bring about the desired change in West Bengal. Mamata Didi said yesterday that these Yatras have been taken out to seize power. But the meaning of Parivartan is not only limited to changing the chief minister, which the people of West Bengal would do anyway. The meaning of change stands for building a Bengal free from infiltrators, corruption, syndicates, porous borders, and insecurity among women, dynastic rule establishing the rule of law by forming a BJP government.

There was a time when Bengal was prosperous, but the communists squeezed everything out of it and made it worse than the worst. But Mamata Didi pushed the state into the abyss of poverty. It is now time to build the Sonar Bangla of Kaviguru Rabindranath Tagore's imagination.

If this time around the TMC is voted to power again, then the nephew's rule will be established.

In the last election the people of Bengal gave 38% of votes to the BJP and gave 77 seats, reducing the Congress and the communists to zero. But the change of rooting out corruption and infiltrators can become a reality only when a BJP government is formed with an absolute majority. He said that only one more push is required to remove TMC from power. In the upcoming new Bengali year after Rabindra Jayanti, a new government is to be formed.

Mamata Banerjee has earmarked only Rs.80 crore in the state budget for science and technology and Rs.5,700 crore for madrassas. I want to ask them whether their agenda is to provide employment by promoting science and technology or promoting madrassas. They are not bothered about the children of Bengal. They are only concerned about the madrassas.

Today Bengal is submerged in loans worth Rs.8 lakh crore, and the per capita loan against every newborn is Rs.77,000. Even the mention of the word "corruption" reminds people of Bengal.

A scam in the appointment of 26,000 teachers has taken place, and Rs.20 crore has been seized from their accomplices. They are involved in the SSC job scam, the urban body job scam, cow smuggling, the PDS scam, the MGNREGA scam, and the PM Awas Yojana scam. But Mamata Banerjee sent the DGP, who covered up these scams, to the Rajya Sabha. But no matter what she does, after the new year a BJP government will be formed in Bengal.

Parth Chatterjee, Jyotipriya Mallik, Anuvrat Mandal, Jeevankrishna Saha, Manik Bhattacharya, Ajit Maiti, Madan Mitra, Chandranath Sinha, Paresh Pal, Kuntal Ghosh, Arabul Islam, Fahad Hakim, Shobhan Chatterjee, Kunal Ghosh, and Rajat Majumdar, and Sohrab Ali—all these accomplices of Mamata Banerjee have been to jail.

I dare the TMC to cancel their nomination. But instead, the TMC is going to nominate all of them. Removing TMC from power would be a minor punishment for the major crimes they have committed. The befitting punishment will be to weed them out completely.

Mamata Banerjee has made Bengal the heaven for infiltrators and opposed CAA. Had she not opposed it, each and every Hindu refugee would have gotten citizenship. But I want to tell them that the Modi government is at the center, and no one can take away their citizenship. They need not worry.

Mamata Banerjee sees her vote bank in the Bangladeshi infiltrators. She understands nothing other than appeasement. She has to answer the people of Bengal who is responsible for the Babri Masjid that is being built in Bengal. Humayun Kabir and Mamata are the two sides of the same coin. She has purposely sent him away and is building the Babri Masjid.

During the Panchayat polls, the TMC unleashed blood-curdling violence on the BJP karyakartas, killing, maiming, and making many of them handicapped for life. We are not afraid of them. But rather, I would appeal to the people to vote BJP to power; we will hang their goon's upside down and straighten them up. Each and every one of them will be behind bars.

The goal of Mamata Banerjee is not the welfare of the people of Bengal but the welfare of her nephew Abhishek Banerjee. She wants to make him the chief minister. Look at their allies: in Bihar, Tejaswi Yadav is the son of Lalu Yadav; in Assam, Gaurav Gogoi is the son of Tarun Gogoi; in Tamil Nadu, Udaynidhi Stalin is the grandson of Karunanidhi; Aditya Thakre is the son of Uddhav Thakre. But the names of the youths of West Bengal are nowhere in the list. Your names can never appear in the list of TMC, but can always figure in the list of Narendra Modi's BJP. BJP is the only party that is not into dynastic politics. Now it is time to end dynastic politics.

The employees of the state government helped Mamata Banerjee for 15 years, but she kept them stuck in the 6th pay commission. If the BJP is voted to power, then we will implement the 7th Pay Commission in just 45 days, by December 2026 we will fill all the vacant posts in a transparent manner, start appointments in abolished posts in two months, and provide 5 years of age relaxation for the youth of Bengal.

The Mamata government has made the women insecure through the RG Kar and Sandeshkhali crimes. They cannot protect the women of Bengal. Pick any state ruled by the BJP, and you will see that everywhere under the leadership of Modi Ji, women enjoy the most robust security. Just form a BJP government here, and we will restore the lost glory of Bengal in just 5 years.

TMC has helped the undeterred entry of illegal immigrants, and therefore they cannot protect the border state of Bengal. But now she is worried as the names of illegal immigrants are being struck off from the voter list. Have some patience; once the BJP government is formed, we will deport illegal immigrants one by one.
