

Union Home Minister and Minister of Cooperation Shri Amit Shah addresses Land Border Districts' Superintendents of Police Conference-2026 in New Delhi

This conference has institutionalized the comprehensive approach to border security

In the coming times, we will move forward holistically towards ensuring coastal border security

The conference will involve discussions on problems related to border security, addressing concerns for their resolution, and formulating appropriate policy measures in this direction

Modi government is building a strong quadrangular security grid by bringing together concerned border guarding forces, state and district administration, relevant stakeholders of Government of India, and local citizens

India's border security system, based on the vision of a Smart Border, will become most modern in the world in the coming years

A secure border, prosperous border region, and a vigilant society together can make the country secure

Under the leadership of Prime Minister Shri Narendra Modi, the country has been freed from Naxalism and terrorism in Jammu & Kashmir and the North-East, which is a sign of our collective success

In the next 3 years, we will inflict serious damage on the narcotics menace and achieve victory over it

We are creating a robust system to make the country completely infiltration-free and to ensure that infiltration does not happen at all

Earlier, problems used to be permanent and solutions temporary, in Modi government, we are striking at the roots of the problems and making the solutions permanent

Modi government has increased border infrastructure by 400 percent and is taking it forward with a scientific approach

Under the Vibrant Villages Programme, Prime Minister Modi has termed country's last village as its first village, under this initiative, efforts being made to prevent migration, create jobs, and ensure 100% implementation of government welfare schemes

Prime Minister Shri Narendra Modi has launched the Demography Mission to study demographic changes, identify abnormal factors contributing to demographic growth, and recommend measures to prevent such changes in the future

Modi Government is committed to curb unnatural demographic growth caused by abnormal factors with a ruthless approach

The primary cause of demographic changes in border areas is infiltration

To make border security impenetrable, Modi Government has created a quadrangular security grid, transforming India's approach from reactive to proactive

Modi Government is moving from an isolated border outpost system towards the creation of an integrated security grid

Union Home Minister emphasized the importance of ensuring that information on demographic changes caused by abnormal factors in border areas is communicated from the grassroots to the highest level at the earliest

Modi Government is fencing the 1,610-km-long India-Myanmar border at a cost of ₹31,000 crore

Our objectives are to prevent proxy war, illegal infiltration, radicalization, narcotics trafficking, smuggling, drone-related threats, cybercrime, organized crime, and demographic changes; to make border areas more livable; prevent migration from these regions; and ensure their security

प्रविष्टि तिथि: 09 JUL 2026 9:52PM by PIB Delhi

Union Home Minister and Minister of Cooperation, Shri Amit Shah, today addressed the Land Border Districts' Superintendents of Police Conference–2026 in New Delhi. Union Ministers of State for Home Affairs, Shri Nityanand Rai and Shri Bandi Sanjay Kumar, Union Home Secretary, Director of the Intelligence Bureau (IB), Directors General of Police of the border states, and several senior officials were present on the occasion.

On this occasion, Union Home Minister and Minister of Cooperation Shri Amit Shah said that this conference has given an institutional shape to the comprehensive approach towards border security. He added that in the coming times, we will also move forward holistically to ensure coastal border security. He further said that this conference will focus on discussing problems related to border security, addressing concerns regarding their resolution, and formulating appropriate policy measures in this direction.

Shri Amit Shah said that India's border security system, based on the vision of a Smart Border, will become the most modern in the world in the coming years. He said that the Modi government, along with the associated border guarding forces, state and district administrations, relevant stakeholders of the Government of India, and local citizens - through their mutual integration - is constructing a strong quadrangular security grid. Shri Shah emphasized that the a secure border, prosperous border region, and a vigilant society together can make the country secure.

Union Home Minister said that under the leadership of Prime Minister Shri Narendra Modi, the country has been freed from Naxalism and terrorism in Jammu & Kashmir and the North-East, which is an indicator of our collective success. He said that in the next three years, we will inflict serious damage on the narcotics menace and achieve victory over it as well. He added that a strong system is being built to make the country completely infiltration-free and to ensure that infiltration does not happen at all. Shri Shah said that earlier, problems were permanent and solutions were temporary. In the Modi government, we are striking at the roots of the problems and making the solutions permanent.

Shri Amit Shah said that the Modi Government has increased investment in border infrastructure by 400 percent and has adopted a scientific approach to strengthening border security. He said that under the Vibrant Villages Programme, Prime Minister Shri Narendra Modi has described the country's last village as its first village. Under this initiative, efforts are being made to prevent migration, generate employment, and ensure 100 percent implementation of government welfare schemes. Shri Shah said that Prime Minister Modi has launched the Demography Mission to study demographic changes, identify abnormal factors contributing to demographic growth, and recommend measures to prevent such changes in the future. He said that the Modi Government is committed to curbing abnormal demographic growth caused by unnatural factors through a ruthless approach. Union Home Minister said that the primary cause of demographic changes in border areas is illegal infiltration.

Union Home Minister said that to make border security impenetrable, the Modi Government has established a quadrangular, transforming India's approach from reactive to proactive. He said that the Modi Government is moving from an isolated border outpost system towards the creation of an

integrated security grid. Union Home Minister also emphasized the importance of ensuring that information on demographic changes caused by abnormal factors in border areas is communicated from the grassroots to the highest level at the earliest possible stage.

Shri Amit Shah said that the Modi Government is fencing the 1,610-km-long India–Myanmar border at a cost of ₹31,000 crore. He said that the Government's objectives are to prevent proxy war, illegal infiltration, the spread of radicalization, narcotics trafficking, smuggling, drone-related threats, cybercrime, organized crime, and demographic changes; to make border areas more livable; to prevent migration from these regions; and to ensure their security.
